

Air Tubing Pipe Grip Locking Pliers

Adjustable lock grip tubing plier, ideal for fitting pipes to pneumatic push-fit style connectors to air pipes found on HGV and LGV's.

Additional Information

- Designed to allow plastic air pipe to be gripped evenly and without damage to allow the pipes to be pushed into pipe fitting without kinking the pipe.
- Sizes: 6, 8, 10, 12 and 16mm.
- Useful when working with Voss style connectors.
