

Self-Adjusting Oil Filter Pliers 60 – 120mm

A pair of self-adjusting oil filter pliers for removing spin-on type oil filters from 60 – 120mm in diameter. They feature a 30° offset for greater access and ease of use, with the spring-loaded jaws allowing for one-handed use.

Additional Information

- Adjustment range: 60 – 120mm.
- 30° offset for ease of use.
- Spring loaded self-adjusting jaws for one-handed operation.
- Serrated jaws for additional grip on oily surfaces.
- Layered steel construction with non-slip cushion grip handles.
